The Community Technology Empowerment Project (CTEP) mobilizes AmeriCorps members to bridge the digital divide, targeting the unique technology access and resource access needs of new immigrants. Members serve to develop culturally-appropriate outreach and training materials including computer education, public service announcements and website developments.

Additional qualifications to participate in CTEP:

Preferred Qualifications (One or more of the following are desired but not required):

- Post Secondary Education
- Bilingual in Hmong, Somali, Spanish or other
- Experience in volunteer management
- Advanced technology skills, especially in web design, video production, or computer applications
- Experience in staff training, especially technology

Top reasons that members like serving in CTEP:

- Learn technology skills
- Work in diverse situations with people from a variety of backgrounds
- Participate in projects that benefit the Twin Cities community
